Staff

SUMMARY

The committee discussed the need for strategic wayfinding signs and strongly supported the concept and principles. The committee commented that the system should be consistent with neighboring councils and that it may be useful to have contact with the cycling / sustainable committees from Mosman and Warringah on this issue.

Recommendation:

That the report be received and noted.

ITEM 5 PROPOSED CYCLE RACKS AT VARIOUS LOCATIONS

SUMMARY

Committee members discussed the need for additional cycle parking and proposed additional cycle racks be provided on Belgrave Street close to the Belgrave Street Cartel café. The racks at the Honalulu Grill on the Steyne need replacement. Cycle racks need to be provided on the upgraded section of Sydney Road and additional racks are required at the library.

Recommendation:

That the report be received and noted.

ITEM 6 SUMMARY

The committee discussed the proposals for addition cycle racks at wharf and noted that a memo on this issue was with the deputy general manager. The Committee was strongly opposed to any racks being installed on the grass area to the east of the Wharf (proposal 1). The committee supported the proposal for angled cycle rack parking but would like to see double decker racks trialled at the west end in the location of the former cycle lockers.

The committee recommends to the General Manager that the need for additional cycle parking in this location and preferences of the STAC be noted.
