- ## Agenda - Manly Scenic Walkway Committee 6th May 2014

TO: Manly Scenic Walkway Committee

MEETING DATE: 6th May 2014

AUTHOR: Fenton Beatty, Manager Parks and Reserves

SUBJECT: **Shelly Beach Headland Walking Track Upgrade (Stage 1)**

1. INTRODUCTION

Manly Council commenced stage 1 track work at Shelly Beach Headland in April 2014. This track had deteriorated as a result of extensive usage and weather exposure. The aim of the project is to improve safety and enhance the aesthetics of the track. The project will be implemented in stages as funding is made available.

2. INFORMATION

Manly Council commenced the upgrade and repair of a section of the walking track at Shelly Beach Headland during April 2014. This circular walking track is a section of the Manly Scenic Walkway (Manly to North Head route) and is popular with local residents and tourists.

This section of track has deteriorated as a result of extensive usage and weather exposure. It is deemed necessary to commence the improvement of this track to improve public safety and enhance the aesthetics as appropriate for this high profile location.

Works undertaken were consistent with the track works that is being undertaken on the Fisher Bay track. Approximately 40m of track was upgraded through the installation of sandstone stairs, track resurfacing, and drainage improvement.

There is approximately 90m of track remaining to be upgraded to complete the stage 1 works, and this will progress in the next financial year. The extent of works to be done will be subject to funding allocated to project.

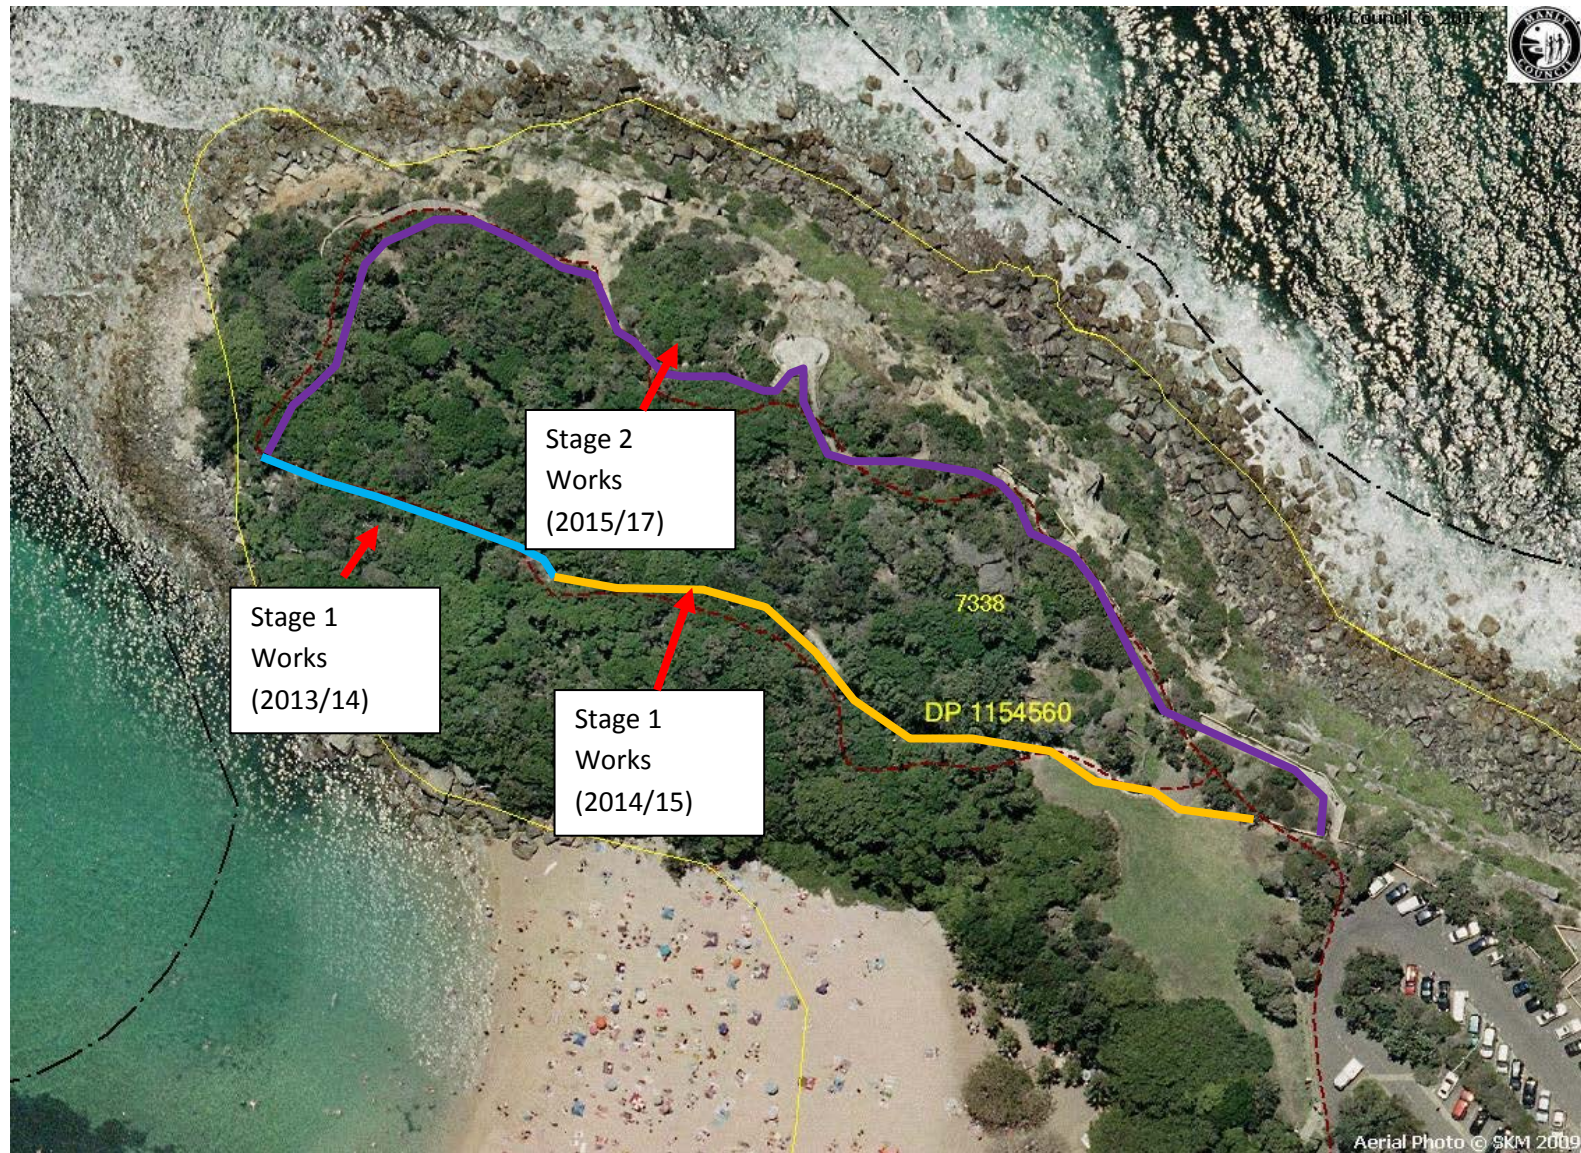

The attached diagram shows the works planned for this financial year, and indicative of works planned for following financial years. .

3. RECOMMENDATION

That the Committee notes this report and supports proposed works program
